UNIVERSITY OF THE PEOPLE

UOPEOPLE AT A GLANCE
FALL 2026

"If you educate one person, you can change a life. If you educate many, you can change the world"

- Shai Reshef

OUR MISSION

The mission of UoPeople is to offer an accessible, quality education to any qualified student through **flexible**, **affordable**, **online**, **accredited** degree-granting programs that give graduates the potential to lead successful, fulfilling lives as individuals and members of society.

THE AMBITIOUS GOAL: SCALING TO 1 MILLION STUDENTS

We are at a critical juncture where we can transition from steady growth to massive global scale. This scale will translate into measurable social mobility for individuals, families, and communities worldwide, providing a credible route to closing long-standing gaps in opportunity.

LOW COST, HIGH IMPACT

– No tuition. Students pay only course assessment fees, $180 per undergraduate course

– Scholarships available based on student need, with 70% of students receiving aid

RETURN ON INVESTMENT

A 2023 Tripp Umbach report found that UoPeople graduates see a $250 return for every $1 invested—about 30 times higher than the average U.S. bachelor's degree.

OUR PROGRAMS

BACHELOR'S DEGREES

- Business Administration
- Computer Science
- Health Science
- General Studies

Four Star Charity

CURRENT FUNDING PRIORITIES

SCHOLARSHIPS

Approximately 70% of our students receive scholarship support. Donor funded scholarships truly change lives.

Current scholarship initiatives include:

- Afghan Women
- Students in Gaza
- Refugees and Internally Displaced Students
- Regional Need-Based Support

TECHNOLOGY AND AI ENHANCEMENTS

Technology optimizes resources and improves programs. Through integration with AI platforms, we aim to enhance our student experience at scale.

STUDENT SUCCESS AND RETENTION

Strategic investments in personalized advising, proactive student support, career services and retention initiatives will improve student outcomes.

ACADEMIC PROGRAM SUPPORT

Investments to ensure our curriculum is career-aligned and high-quality, so every course, certificate, and degree turns affordable education into real opportunity.
